

## Discovering your city

STEP	What to do
1	At the starting point ( which can be the main square) :  of two members of the group and a passer-by
	Collect information about the monument in the square using the QR Code reader App
2	Buy a typical food (as required by the whatsapp instruction)
3	Following the instructions go to another important street and  of the group with historical building in the background
4	Using public transport, as indicated by the instructions, go to an important museum and  one selfie for every member of the group at the entrance. Collect information about the museum using the QR code reader App
5	Purchase a required product ( something typical) in a very famous and important store as indicated  of one member of the staff .....
6	Collect some leaflet about a cultural event that is going on in the city
7	<b>Go back to the school!</b>
